

Risk assessment WNAT (St Clement's High School) F625a

Department: WNAT **Section/Team:** Operations

Location: WNAT

Activity/Area: Education Assessor Name: M Fitzpatrick Manager Name: N.Willingham

The system of controls: protective

measures

Assessment Number: 08

Assessment Date: 08/01/21

Review Date: 07/03/21 or in the event of significant change.

Having assessed the risk, schools must work through the below system of controls, adopting measures in a way that addresses the risk identified in their assessment, works for their school, and allows them to deliver a broad and balanced curriculum for their pupils, including full educational and care support for those pupils who have SEND.

If schools follow the guidance set out here they will effectively reduce risks in their school and create an inherently safer environment.

System of controls

This is the set of actions schools must take. They are grouped into 'prevention' and 'response to any infection' and are outlined in more detail in the sections below.

Prevention

- 1) Minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend school.
- 2) Where recommended, the use of face coverings in schools.
- 3) Clean hands thoroughly more often than usual.
- 4) Ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach.
- 5) Introduce enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents.
- 6) Minimise contact between individuals and maintain social distancing wherever possible.
- 7) Where necessary, wear appropriate personal protective equipment (PPE).
- 8) Always keeping occupied spaces well ventilated.

Numbers 1 to 5, and number 8 must be in place in all schools, all the time.

Number 6 must be properly considered and schools must put in place measures that suit their particular circumstances.

Number 7 applies in specific circumstances.

Response to any infection:

- 9) Engage with the NHS Test and Trace process.
- 10) Manage confirmed cases of coronavirus (COVID-19) amongst the school community.
- 11) Contain any outbreak by following local health protection team advice.

Numbers 9 to 11 must be followed in every case where they are relevant.

		Approach to risk estimation and management						
		Schools should work through the following steps to address their risks, considering for each risk whether there are m	neasure	es in e	ach ste	p they can adopt	before moving	onto the next step:
		1. Elimination: stop an activity that is not considered essential if there are risks attached.						
		2. Substitution: replace the activity with another that reduces the risk. Care is required to avoid introducing new	/ hazar	ds due	to the	substitution.		
		3. Engineering controls: design measures that help control or mitigate risk.						
		4. Administrative controls: identify and implement the procedures to improve safety (for example, markings on	the floc	r, sign	age).			
		5. Having gone through this process, PPE should be used in circumstances where the guidance says it is requ	ired.					
			Δςς	essn	nent			
What are the hazards?	Who might be harmed and how	Existing Risk controls		f Ris	k	Action by whom	Action by when	Remarks/Actions
			L	С	RR		•	
Awareness of policies and procedures	Students, Employees, Visitors and Contractors	1. All staff, pupils, parents, governors, visitors and volunteers are aware of all relevant policies and procedures including, but not limited to, the following: a. Health and Safety Policy b. First Aid Policy 2. All staff have regard to all relevant guidance and legislation including, but not limited to, the following: a. The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013 b. The Health Protection (Notification) Regulations 2010 c. Public Health England (PHE) (2017) 'Health protection in schools and other childcare facilities' d. PHE 'The Spotty Book Notes on infectious diseases in Schools and Nurseries' e. PHE 'COVID-19: cleaning in non-healthcare settings outside the home' f. DfE 'Guidance for full opening: schools Updated 7 Jan 21)' 1. The relevant staff receive any necessary training that helps minimise the spread of infection, e.g. infection control training. 2. The school keeps up-to-date with advice issued by, but not limited to, the following: a. DfE b. NHS c. Department for Health and Social Care d. PHE e. The school's local health protection team (HPT) 3. Staff are made aware of the school's infection control procedures in relation to coronavirus via email, briefs and contact the school as soon as possible if they believe they may have been exposed to coronavirus. 4. Parents are made aware of the school's infection control procedures in relation to coronavirus via letter and social media – they are informed that they must contact the school as soon as possible if they believe their child has been exposed to coronavirus. 5. Pupils are made aware of the school's infection control procedures in relation to coronavirus via an assembly and are informed that they must tell a member of staff if they feel unwell. 6. The Staff and Volunteer Confidentiality and Pupil Confidentiality are respected at all times.	2	4	8	Headteacher	11/01/2021	
Attendance Students	Students, Employees, Visitors and Contractors	During the period of national lockdown, primary, secondary will remain open to vulnerable children and young people and the children of critical workers only. All other pupils should receive remote education. Pupils who are self-isolating should not attend school. Clinically extremely vulnerable pupils are also advised not to attend school.	2	4	8	Headteacher	11/01/2021	The new variant B117 of Covid-19 virus has resulted in the part closure of schools within the trust to all students other than children of critical workers and vulnerable students. These students will be supported in school by teaching and support staff on a rotation to minimise the number of staff in school at any one time. Students will

Attendance	Students, Employees,	Under the national lockdown, the expectation is that everybody should work from home where possible.	2	4	8	Headteacher	11/01/2021	be placed within a consistent in-school support 'bubble' to reduce the risk of transmission of the virus. Duty staff will also remain with the bubble they have been assigned, again to reduce the risk of transmission. Students will be allocated a classroom to work from to undertake their remote learning. Student must ensure that they go directly to this classroom upon their arrival to school and will remain within this base for the duration of the day with the exception of breaks and to use comfort facilities. Students must remain within their bubble whilst on breaks. These classrooms will be cleaned at the end of each school day. Staff and students who continue to work within school are subject to the same preventative measures as outlined above in this risk assessment. Staff and students who
(Staff)	Visitors and Contractors	 School leaders are best placed to determine the workforce that is required in school, taking into account the updated guidance for those staff who are clinically extremely vulnerable. The expectation is that those staff not attending school will work from home where possible. 2. All staff attending the school setting should follow the measures set out in the system of controls section of this guidance to minimise the risks of transmission. This includes continuing to observe good hand and respiratory hygiene and maintaining social distancing in line with the provisions as set out in the 'prevention' section. 3. School leaders should explain to staff the measures the school has put in place to reduce risks. We anticipate adherence to the measures in this guidance will provide the necessary reassurance for staff to attend school. 						continue to work within school are subject to the same preventative measures as outlined above in this risk assessment. Facilities staff will continue to work within schools, but will be guided by their line manager in any temporary changes to their working
		4. If staff are concerned, including those who may be clinically vulnerable or who believe they may be at possible increased risk from coronavirus, we recommend school leaders discuss any concerns individuals may have around their particular circumstances and reassure staff about the protective measures in place						practices. For example to meet the business needs of the school during this lockdown whilst maintaining a safe working environment with the advent of the new variant of COVID-19. All other staff should work from home unless specifically requested to support within

								school.
								Teaching staff can request to continue to work from school. These requests must be made to the Head Teacher. If approved, teaching staff must sign in to school upon arrival. This will enable the school to keep track of which staff have been in school on any one day. This will support the schools track and trace procedures, if needed. They must remain within the work area they have been assigned; they are to remain isolated from other staff and students to reduce the risk of transmission of the COVID-19 virus.
Poor hygiene practice	Students, Employees, Visitors and Contractors	 Posters are displayed throughout the school reminding pupils, staff and visitors to wash their hands, e.g. before entering and leaving the school. Pupils, staff and visitors are to wash their hands with soap or alcohol-based sanitiser (that contains no less than 60 percent alcohol Sufficient amounts of soap (or hand sanitiser where applicable), clean water and paper towels are supplied in all toilets and kitchen areas. Pupils are supervised by staff when washing their hands to ensure it is done correctly, where necessary. Pupils must not share cutlery, cups or food. All cutlery and cups are thoroughly cleaned before and after use. Cleaners are employed by the school to carry out daily, thorough cleaning that follows Gov guidance 'COVID-19: cleaning of non-healthcare settings' 	3	4	16	Headteacher	11/01/2021	Hand sanitiser pumps fixed to the wall outside each set of toilets, the dining hall and the main entrance. Free standing pumps placed in all classrooms and offices.
Actions if a person becomes unwell with COVID-19 symptoms	Students, Employees, Visitors and Contractors	 The site manfor full opening ager arranges enhanced cleaning to be undertaken where required Maintaining records - Records of contacts are updated on a daily basis, noting that it may need to be retrieved for the previous 21 days. Data review and escalation - The setting will collect the data identified and follows the responsibilities section for escalation and data sharing. Planning for if a person becomes unwell with COVID-19 symptoms and isolation requirements - A suitable room has been identified to wait in and is large enough to keep a 2 metre distance between the ill person and any supervising staff (close to a toilet where possible) Where possible there is separate use of toilet and handwashing facilities nearby. The room has been emptied of unnecessary items. Tissues and a waste bag have been provided in the room If a pupil develops symptoms, they will wait in the room that has been identified as soon as possible. Where it is possible the door will be closed and window opened for ventilation. In the unlikely event that a pupil spent a significant amount of time in a classroom or other area after they developed symptoms, arrangements will be made to move pupils and staff while that area is cleaned. Staff who look after a symptomatic person will wear PPE if they are supervising the person in the same room while waiting for collection in accordance with the PPE guidance and must wash their hands thoroughly if they have contact with the person and after they have left. Isolation requirements will be followed. Cleaning — Surfaces that the symptomatic person has come into come into contact with (after they became symptomatic) will be cleaned, foll	2	4	8	Headteacher	11/01/2021	

l l	
	disinfectant solution and equipment required. b. The school will not be closed where it is possible to carryout teleaning by moving pupils to a different area white cleaning is carried out or unless as a result of Health Protection Team Adviree. c. The minimum PEP wom for cleaning as a result of Health Protection Team Adviree. d. So the unface shall are wishly contaminated will be steme and apron. Health will be washed after all PPE has been removed. d. So the surfaces that are visibly contaminated will be steme and so are not visibly contaminated will be steme extended such as upholetered chairs. So the standard of the surface of the sur
	normal waste.
Spread of infection Students, Employees Visitors and Contractors	1. Spillages of bodily fluids, e.g. respiratory and nasal discharges, are cleaned up immediately in line with Gov guidance 'COVID-19: cleaning of non-healthcare settings'. 2. Parents are informed via letter not to bring their children to school or on the school premises if they show signs of being unwell and believe they have been exposed to coronavirus. 3. Staff and pupils do not return to school before the minimum recommended exclusion period (or the 'self-isolation' period) has passed, in line with national guidance. 4. Pupils who are unwell are not taken on school trips or permitted to enter public areas used for teaching, e.g. swimming pools. 5. Parents notify the school if their child has an impaired immune system or a medical condition that means they are vulnerable to infections.

		6. Any additional provisions for pupils who are vulnerable to infections are put in place by the headteacher,						
		6. Any additional provisions for pupils who are vulnerable to infections are put in place by the headteacher, in liaison with the pupil's parents where necessary.						
Poor management of infectious diseases	Students, Employees, Visitors and Contractors	 Everyone is instructed to monitor themselves and others and look out for similar symptoms if a pupil or staff member has been sent home with suspected coronavirus. Staff are vigilant and report concerns about their own, a colleague's or a pupil's symptoms to their line manager or headteacher The school is consistent in its approach to the management of suspected and confirmed cases of coronavirus. The school is informed by pupils' parents when pupils return to school after having coronavirus – the school informs the relevant staff. Staff inform the headteacher when they plan to return to work after having coronavirus. The site manager monitors the cleaning standards of school cleaning staff/contractors and discusses any additional measures required with regards to managing the spread of coronavirus. 	2	4	8	Headteacher	11/01/2021	
Communication	Students, Employees, Visitors and Contractors	1. General Arrangements - a. Arrangements have been put in place to ensure communication and collaboration between pupils, staff, staff representatives (e.g. unions) and parents. Communication routes are publicised and have been formally planned. b. Arrangements are in place to ensure that parents support the school requirements and to support hygiene requirements with pupils both in and outside the school. c. Parents and carers have been communicated with about symptoms and household isolation requirements d. Staff report immediately to the headteacher about any cases of suspected coronavirus, even if they are unsure. e. The headteacher contacts the local HPT immediately about any suspected cases of coronavirus, even if they are unsure, and discusses if any further action needs to be taken. f. Schools put into place any actions or precautions advised by their local HPT. g. Schools contact their local HPT for specific recommendations for their school. h. Schools keep staff, pupils and parents adequately updated about any changes to infection control procedures as necessary. i. A letter (Communicating arrangements with parents and parent engagement (primary and Early Years or Secondary) has been completed and sent to all parents/Carers, where required the School has added additional information that has been identified in this risk assessment. 2. Visitors - Information about visitor arrangements are displayed in a suitable place where necessary, including information about social distancing, hygiene and not attending the person has symptoms. Where possible this information is also shared on the school website or directly with visitors in advance. a. A record of all visitors should be kept Communicating safety arrangements a. Site signage has been reviewed b. Site changes such as entrances and exits will be identified where required c. Communication will include the use of recommended information on notice boards and throughout the school, for example, handwashing, key staff notices d. The arrang	2	4	8	Headteacher	11/01/2021	
Disruption to the running of the school and exams	Students, Employees, Visitors and Contractors	have been implemented. 1. The school adheres to and keeps up-to-date with the latest local and national advice about school closures – advice is sought from the LA, local HPT or DfE helpline where required.	2	3	6	Headteacher	11/01/2021	Following the latest guidance the imedia exam planned for the 11/01/21 was cancelled.
Preparing for a school closure	Students, Employees, Visitors and Contractors	 The school communicates with parents via letter, text or eMail as soon as possible about a school closure and the cancellation of any school trips or extra-curricular activities. Pupils are informed via small group/virtual assembly about the school closure and what is expected of them should they need to work from home. The headteacher puts a plan in place to manage staff workload in preparation for a school closure. 	2	3	6	Headteacher	11/01/2021	All staff, students and parents are aware that our virtual learning platform is Google classroom. Both students and teachers have received

		-						
		 The headteacher puts a plan in place for pupils' continued education during a school closure to ensure there is minimal disruption to pupils' learning – this includes a plan to monitor pupils' learning while not in school. The Behavioural Policy and Staff Code of Conduct are adhered to at all times, even while working remotely. 						training on its use. Staff receive a weekly update email from the Headteacher,
		6. Communication lines are kept open between staff during a school closure – staff know to report to their line manager if there is an issue. 7. The headteacher ensures all pupils have access to school work and the necessary reading materials at						more frequent messages are sent as required.
		home, prior to a school closure. 8. The headteacher works with the WNAT ICT team to ensure that all technology used is accessible to all pupils – alternative arrangements are put in place where required.						Parents are informed of any changes to school procedures via letter. They are also
		 9. The headteacher liaises with the relevant organisations to ensure adequate provision is in place for all pupils to be able to work from home, e.g. learning support. 10. The Site Manager arranges for the school to be deep cleaned if necessary in the event there is a school 						informed of any positive cases within the school.
		closure if required. 11. The school manages the use of parents' and pupils' contact details in line with the Data Protection Policy and Records Management Policy, e.g. collecting emails to send school work to the pupil.						
Vacant and partially open premises	Students, Employees, Visitors and Contractors	 During partial or full closure, educational settings continue to be responsible for a range of health and safety measures and statutory compliance. Gov Guidance <u>Guidance for full opening: schools</u> Access to the school is restricted – additional security is arranged and put in place in line with the Security Policy. The headteacher and site manager remain on-call in case of an emergency or if access to the school is 	2	2	4	Headteacher	11/01/2021	The school site has remained open during the January lockdown for vulnerable students and the children of keyworkers. Reception has
		 required. 4. External signage is visible to show that the school is closed and that access is restricted. 5. Valuable school property and equipment is identified and reasonable measures are in place to ensure security. 						remained open so external notices of school closure have not been erected.
		 The site manager ensures the school premises are safe to return to before school activity resumes. Any hazards are reported to the headteacher as soon as possible and issues are resolved prior to staff and pupils returning to school. The headteacher ensures the school reopens only when it is safe and advisable to do so, in line with local and national advice. 						
Contractor working	Students, Employees, Visitors and	Contractors should be directed to follow guidance issued and approved by HM Gov delivered by the Construction Leadership Council: Site Operating Procedures - Protecting Your Workforce.	2	4	8	Headteacher	11/01/2021	
	Contractors	 Where possible visits that are not essential to education and safeguarding can happen out of hours. Where visits cannot take place outside of school ours, e.g. because they cannot be rescheduled or are needed during the day, an assessment of how social distancing can be maintained must be carried out and agreed in advance. 						
	Chudanta Emplayaga	4. Contractors who provide services on school premises have confirmed they are COVID-19 secure	2	4	0	l loodtooobox	44/04/2024	The fire acceptable points have
Emergencies	Students, Employees, Visitors and Contractors	 Fire evacuation - a. Fire assembly points have been reviewed to ensure that pupils do not gather in groups, where required, separate assembly points have been introduced in order to prevent large gatherings in one place. b. Fire drills that are carried out encourage social distancing. 	2	4	8	Headteacher	11/01/2021	The fire assembly points have been spread over a larger area to enable some social distancing.
		 c. Staff and pupils understand that in an emergency they must leave without delay First aid – a. First aid needs assessment - You should discuss the risk assessment with your first aiders so 						Fire drills have been conducted in year groups rather than as a whole school
		they are confident about providing the right assistance. This includes knowing what equipment they can use to minimise risk of infection transmission, as explained below b. Guidance for first aiders						to avoid students mixing with others in different bubbles.
		 Try to assist at a safe distance from the casualty as much as you can and minimise the time you share a breathing zone. 						
		 ii. If they (casualty) are capable, tell them to do things for you, but treating the casualty properly should be your first concern. Remember the 3P model – preserve life, prevent worsening, promote recovery. 						
		Preserve life: CPR a. Call 999 immediately – tell the call handler if the patient has any COVID- 19 symptoms						

	1	,	1			<u>'</u>	
		 b. Ask for help. If a portable defibrillator is available, ask for it c. Before starting CPR, to minimise transmission risk, use a cloth or towel to cover the patient's mouth and nose, while still permitting breathing to restart following successful resuscitation d. If available, use: e. a fluid-repellent surgical mask f. disposable gloves g. eye protection h. apron or other suitable covering i. Only deliver CPR by chest compressions and use a defibrillator (if available) – don't do rescue breaths (for CPR in paediatric settings see specific guidance from the Resuscitation Council UK) 					
		 2. Prevent worsening, promote recovery: all other injuries or illnesses a. If you suspect a serious illness or injury, call 999 immediately – tell the call handler if the patient has any COVID-19 symptoms b. If giving first aid to someone, you should use the recommended equipment listed above if it is available c. You should minimise the time you share a breathing zone with the casualty and direct them to do things for you where possible 3. After delivering any first aid a. Ensure you safely discard disposable items and clean reusable ones thoroughly b. Wash your hands thoroughly with soap and water or an alcohol-based hand sanitiser as soon as possible c. First aid cover and qualifications during the pandemic i. First Aid at Work (FAW) and Emergency First aid at Work (EFAW) certificates requalification 					
		 First aid providers have resumed first aid training and assessment. In some cases, there remains a back log or limited availability. FAW or EFAW certificates that expired after 16 March 2020 can remain valid until 31 October 2020 or 6 months from date of expiry, whichever is later. All requalification training for these certificates should be completed by 31 March 2021. To qualify for the extension, employers must be able to demonstrate that: 					
		 a. they have made every effort to arrange requalification training as soon as possible and can explain in detail why they have not been able to do so. For example, they must show evidence that staff with expired certificates are booked on to EFAW or FAW requalification courses, if requested by an inspector b. they have adequate and appropriate equipment and facilities to give first aid to any employee who is injured or becomes ill at work c. the level of first aid cover provided remains appropriate for their particular work environment d. the level of first aid provision necessary in high risk settings is fully maintained, eg in construction, agriculture, engineering and chemicals 					
Executive Management Team responsibilities	Students, Employees, Visitors and Contractors	 Ensuring Compliance - The school will follow their normal arrangements to encourage safe behaviours and actions if Trust/School standards are not followed. a. The Senior management team have reviewed the operation of the setting in the light of welcoming all children and young people back during the pandemic and have made alterations so that: b. The number of contacts that pupils and staff have during the school day are minimised c. The distance between people in the setting is maximised as much as possible, d. Implementation of robust universal hygiene measures is supported through the provision of hygiene stations, reducing contact points and touch surfaces and supporting effective hand drying 	2	4	8	Headteacher 11/01/2021	

River been authorised and actioned. 5. Supply chain - a. Business management teams will ensure that arrangements are in place for the continuity of essential supplies, for example, cleaning and distriction products, liquid scop, paper lowels (where used), limit distributed in PPE guidance. b. Staffling arrangements Staffling arrangements Students, Employees, Violiors and Contractors Contractors 1. Staffling levels - Temporary staff, customal specialist support staff and specialist coaches are portmitted Contractors 5. Staffling levels - Temporary staff, customal specialist support staff and specialist coaches are portmitted Contractors 6. Shudents, Employees, Violiors and Contractors Contractors 7. Staffling levels - Temporary staff, customal specialist support staff and specialist coaches are portmitted Contractors 8. Shudents, Employees, Violiors and Contractors Contractors 9. They are assigned to consistent groups in the same way as permanent staff are to limit the number of the variety of the paper staffling the paper staffling the paper staffling the variety of the paper staffling the pa				1		1		1	
Statiling arrangements Students, Employees, Visitors and Contractors 1. Staffing levels — Temporary staff, external specialist support staff and specialist coaches are permitted of the following basis: on the following basis: a. Short duration, at hor work is avoided where possible on the following hasis: a. Short duration, at hor work is avoided where possible on the following the staff of the following basis: a. Short duration, at hor work is avoided where it is possible. In the following basis: a. Short duration and hor work is avoided where it is possible. In the following basis: a. Short duration and hor work at more than one setting is avoided where it is possible in order to reduce the number of carbon the following of the staff of the following the staff of the staff of the following the staff of t			f. The whole setting community are engaged with and support the national effort to reduce the spread of the virus g. Specific consideration has been given to the management of the first day back and consideration given to staggering returns to eliminate groups gathering together 2. Trustee engagement - Trustees are involved and supporting the school to ensure that required actions are completed and have reviewed this assessment as part of their role. 3. Safeguarding - The introduction of new arrangements have been reviewed by the Executive Management Team ensure that they do not impact on safeguarding requirements in the Trust/School 4. Premises adaptions - Small adaptions identified through risk assessment such as installation of door guards to keep doors open in order to improve ventilation; efficient hand driers to ensure thorough hand drying have been authorised and actioned. 5. Supply chain - a. Business management teams will ensure that arrangements are in place for the continuity of essential supplies, for example, cleaning and disinfection products, liquid soap, paper towels (where used), hand sanitiser and PPE that is specified in PPE guidance. b. Arrangements have been made to ensure that equipment purchased is fit for purpose e.g. meets						Classroom numbers have been added to the back door of each classroom as these now serve as the main entrance. Doors have had hooks added so they can be held open for entrance/exit and when appropriate ventilation.
	_	Visitors and	on the following basis: a. Short duration, ad hoc work is avoided where possible b. They are assigned to consistent groups in the same way as permanent staff are to limit the number of children they interact with (coaching timetables have been rearranged to longer rotas than normal where necessary) c. All infection control requirements are followed. d. Temporary staff who work at more than one setting is avoided where it is possible. e. Where multisite working is necessary 48 hours between site visits are applied where it is possible in order to reduce the number of close contacts between different settings. f. Longer assignments with supply teachers are agreed where possible in order to limit the number of temporary staff entering the school premises. g. Teaching staff breaks are organised in a way that avoids staff covering from a different group h. Consistent working arrangements are applied to ITT trainees. i. Where teachers and other staff need to operate across different classes and year groups in order to facilitate the delivery of the school timetable, they are assigned consistently in line with wider principles of bubbles. j. Wherever bubbles are compromised as a result of timetable, curriculum or other delivery needs the setting ensures scrupulous compliance with all of the required infection control measures because the increases in staff changes increases the opportunity for the virus to transmit k. Where volunteers are used the same staff principles are applied. 2. Business support and premises management staff - a. Staff work from home is instigated as a normal activity b. Hot desking is avoided 3. Premises and cleaning staff - a. Staff who carry out cleaning are familiar with the cleaning and disinfecting processes that are required at this time. b. Activities are scheduled to avoid times where pupils and staff are using the same areas unless staff are part of the same bubble/group. c. Staff who carry out cleaning and disinfection have the appropriate equipment required if cleanin	2	4	8	Headteacher	11/01/2021	ventilation.
grouping Visitors and all pupils to return and a full curriculum to be taught.	Pupil and staff grouping		1. Developing Groups - Main groups have been developed that are the smallest practicable whilst enabling all pupils to return and a full curriculum to be taught.	2	4	8	Headteacher	11/01/2021	Prior to lockdown 3. Students were in year group bubbles. These groups had staggered

		b. Only where necessary extended groups have been created to accommodate specific activities. c. Extended groups remain as small and consistent e.g. for wraparound care, specialist teaching and transport needs. d. Extended or separate groups applied to specific activities e.g. transport or wraparound care are arranged in line with main setting groups as much as possible e. Contact within and between groups is minimised through distancing measures which are outlined in this assessment. f. Consideration has been given to reducing the number of children to staff ratio further where necessary to assist with social distancing measures. Circumstances considered include: i. some secondary curriculum practical activities ii. music iii. With very young children iv. Because of health conditions or understanding of the children g. In order to enable distancing through designing spaces that achieves more separation. Keeping cohorts together where possible - a. Pupils will stay in their class/group wherever it is possible throughout the day, or on subsequent days. b. Arrangements have been put in place to avoid mixing with other groups throughout the day e.g. During lunchtimes, breaks, PE, or on subsequent days. c. Staff are paired consistently for two person activities e.g. supervision, teaching, personal care. d. Where possible the same teachers and other staff are assigned to each class group, and where possible for the same day and subsequent days. e. Where possible pupils use the same desk each day where they attend on consecutive days. f. Group mixing at the settings provided breakfast and afterschool clubs are avoided (and only essential clubs are operating). g. Larger spaces are not used by more than one group without partitioning in order to create physical separation.	break and lunch. They were each designated a catering facility and an outdoor playground space to avoid mixing with other year groups. During lockdown 3, six groups of vulnerable and keyworker students have been established. Each group has been assigned a room. Students stay in this room throughout the day. Lunch and break are taken in this room, an ordering system allows food to be brought to each individual room. An area of outdoor space has been allocated to each group. A separate toilet has also been allocated to each group. Staff do not move between groups.
Reducing and managing	Students, Employees, Visitors and	1. Parents must be advised that they should only come into the school for essential reasons e.g. illness or 2 4 8 Headteacher 11/01/20 safeguarding factors and information about contacting by phone instead of having face to face meetings. Only one	O21 All visitors must be sanctioned by the Headteacher, Deputy
visitors (including familiarisation and parents evenings).	Contractors	parent will be allowed to visit the school in these circumstances. 1. The number of visitors has been minimised as much as possible 2. Visitor times are planned to separate visitors from other site users 3. Visits are by appointment only 4. Visitors are advised of the following in advance: a. Expectations while they are on the site, which entrances and exits to use, vehicle movement and parking and how you will ensure their safety b. Any specific arrangements for example, areas of the premises that are suitable for use, and to not use spaces that are already occupied. c. Action to take if they cannot maintain keep away from others d. To leave the setting immediately if they develop symptoms, not matter how mild. e. How you will maintain social distancing during the visit. 5. Visitors are provided with further information on arrival and asked to perform hand hygiene 6. Visitors confirm that they do not have symptoms no matter how mild. 7. Visitors who sign in either use their own pen or are provided with a pen that they take with them. 8. The reception is operating on a one in and one out basis for essential visitors 9. Where reception desks are open, staff maintain a 2 metre distance from visitors, (the use of floor markings may be considered useful). Where this is not possible screens have been installed to protect staff 10. Visitor records are maintained for contact tracing requirements	Headteacher or the site manager. Only necessary visitors will be permitted.
Travel and parking	Students, Employees, Visitors and Contractors	1. General - a. The school have assessed that any additional vehicles and vehicle movements can be carried out safely (a vehicle movement assessment has been carried out where required) b. Carers/parents in clinically vulnerable groups are discouraged through communications, from dropping off and picking up children 2. Cycling - Pupils are instructed to use bike racks one at a time. Additional bikes racks or areas are provided where required.	021
		3. Car journeys - a. Parents, staff and pupils have been advised not to gather in parking areas.	

	-		
			b. Parents and staff have been advised that only the same household members should travel together by car
			c. Staff do not transport a symptomatic pupil (unless specifically in relation to a residential setting)
		4.	On Foot -
			a. Pupils and parents have been advised that it is preferable that members of the household should walk to the school together where possible
			b. Pupils and parents have been advised that they should not walk together in large groups
		5.	Dedicated School Transport -
			a. The approach to dedicated transport should align wherever possible with the principles underpinning the system of controls set out in this document and with the approach being adopted
			for your school. It is important, wherever it is possible, that:
			i. social distancing should be maximised within vehicles
			ii. children either sit with their 'bubble' on school transport, or with the same constant group of children each day
			iii. children should clean their hands before boarding transport and again on disembarking
			iv. additional cleaning of vehicles is put in place
			v. organised queuing and boarding is put in place
			vi. through ventilation, fresh air (from outside the vehicle) is maximised, particularly through opening windows and ceiling vents
			vii. Children must not board home to school transport if they, or a member of their household,
			has symptoms of coronavirus (COVID-19).
			viii. In accordance with advice from PHE, during the autumn term, children and young people aged 11 and over are to wear a face covering when travelling on dedicated transport.
		6.	Wider Public Transport -
			a. Pupils, parents and staff have been advised not to use school transport if they have symptoms
			b. Pupils, parents and staff have been advised to wash their hands before and after using transport services
			c. Pupils, parents and staff have been advised of the government advice to wear face coverings
			when travelling on public transport, unless it is not safe to do so
Arriving at and	Students, Employees,	1.	d. Markings are provided where queuing is required for transport services on school premises General principles 2 4 8 Headteacher 11/01/2021 Prior to lockdown year groups
leaving the	Visitors and	'	a. Particular attention has been given to how the first day of term will be organised with both new had been allocated specific
School	Contractors		and existing pupils supported to follow infection control requirements. Consideration has been entrances. Yr 7 –side gate.
			given to staggering the return to school by welcoming back different year groups/classes on different days to help everyone get used to the new way of operating.
			b. Consideration has been given to 'walking buses' (supervised walking groups to and from school. went directly to a year group
			c. Where possible entrances are supervised to support hand sanitising on arrival.
			d. Where possible arrival and leaving times are staggered by adjusting the start and finish in order to keep groups apart and avoid rush hour would be met by their tutors and walked into the building.
			e. Where times cannot be altered, for example, due to public transport, plans are in place to
			prevents groups from mixing once at the setting and busy transit routes. On arrival during lockdown
			f. There are hand sanitiser stations for pupil and visitor use g. Disinfection arrangements are in place for potential points of contact in receptions, entrances and allocated room.
			transit routes during periods of high use
			h. The impact of weather changes e.g. where external queuing will become a significant part of At the end of the school day
			safety arrangements is considered. i. The management of deliveries to eliminate close contact e.g. having a pre-arranged drop off staggered dismissal to limit
			point, the delivery driver signing for you mixing between bubbles.
		2.	Parents and pupils – arriving and leaving the premises –
			a. All site movements will be supervised by staff members who will ensure that social distancing
			measures are being followed b. Parent/carer pick up and pick up protocols have been developed to minimise adult to adult contact
			and avoiding gatherings.
			c. Parents should be advised that only one parent is to conduct dropoff and pickup of their child.
			d. Reception teachers will check with the parent and/or pupil about the pupil's health and ask them to wash their hands, on arrival in the building.
			e. For all other years not including Reception class parents are expected to drop their child at the
l			gates and a member of staff from the group will greet each child, ask them to wash their hands

		and check in with them to ensure they do not have symptoms.
		f. Early Years classes will arrange for children to be dropped off and collected at the door/threshold of the setting where possible
		1. Managing peak times -
		a. Additional entrances, such as fire exits and other direct classroom exits are used and
		supervised to reduce gatherings at the school entrance (hand sanitiser has been provided at these points)
		b. Where alternative entrances cannot be provided, times have been staggered to prevent
		queuing. c. Floor marks have been added to assist with social distancing in outside areas.
		d. Staff supervise at peak times.
		2. Reception class -
		a. Parents and carers will be given drop off times in order to avoid groups arriving together and using entrances at the same time.
		b. Where possible, additional supervised entrances will be used to avoid people gathering at the same time
		c. Parents should be advised that only one parent is to conduct dropoff and pickup of their child.
		3. Bags and coats -
		 a. Staggered access times allow for cloakrooms to be used without pupils gathering. b. Alternative areas that are not being used have been allocated for cloak room use in order to
-	0	prevent pupils gathering. Times of use are supervised and managed.
Educational activities	Students, Employees, Visitors and	1. Classrooms and other learning environments - a. Alternative larger spaces such as gyms and halls are considered to accommodate groups and
activities	Contractors	support distancing to be maintained
	Contractors	b. Distancing is encouraged by reconfiguring furniture and chairs are forward facing
		c. Unnecessary furniture and objects are removed where possible
		d. The position of the teachers space/desk is considered as part of the configuration to support
		distancing from the class.
		e. Where bags are not allowed to be kept at desks/workspaces e.g. science lessons or DT lessons
		they are safely stored in a way that does not encourage congregating and touching each other's
		belongings e.g. use of lockers, bag hooks
		f. The teaching approach is modified to keep a distance from children in the class as much as possible, particularly close face to face support
		g. Where close contact is needed this is conducted side by side rather than face to face
		h. Pupils are not called to the front of the class
		i. Staff going to a pupils desk to check on their work is avoided
		j. Shared resources are avoided as much as possible, particularly those used frequently such as
		pens and pencils
		k. Pupils do not share or swap resources and materials including ceasing the marking of each
		other's books.
		I. Classroom based resources, such as books and games, that are used and shared within the
		bubble are cleaned regularly m. The resources brought in from home by children is kept to a minimum e.g. lunch boxes, hats,
		coats, books, stationery and mobile phones. and these are not shared with the group.
		n. There are picking-up and dropping-off collection points for resources rather than passing them
		hand-to-hand
		o. How pupils enter and exit the classroom is managed to maintain distancing.
		p. Where a room is used by more than one extended group the class teacher will clean down high use touch points between use
		2. Playgrounds - Signage identifies the maximum number of users for equipment, distancing is encouraged
		for waiting and while using equipment
		a. Equipment use is supervised, and time limited to enable other users to take their turn
		b. Seating has been removed or marked off to encourage distancing on individual items of equipment.
		c. A one-way system has been introduced around outdoor gym equipment and trim trails
		d. Equipment that is positioned in close proximity to other equipment has been taken out of use or
		repositioned (considering general safety requirements)
		e. Hand sanitiser stations are positioned near to play equipment and users instructed to perform

	1	hand hygiene before and after use.	1	T
		f. Bins are installed to encourage use of tissues and appropriate disposal		
		g. Time is allocated for play equipment for each group/bubble		
		h. Equipment touch points are cleaned frequently and between each groups use.		
		i. Multiple groups do not use outdoor play equipment at the same time.		
Specialist	Students, Employees,	Music - When planning music provision for the next academic year, schools should consider additional	11/01/2021	All classrooms have been
curriculum	Visitors and	specific safety measures. Although singing and playing wind and brass instruments do not currently appear to		arranged with desks facing
considerations	Contractors	represent a significantly higher risk than routine speaking and breathing at the same volume, there is now		forwards, with the exception of
		some evidence that additional risk can build from aerosol transmission with volume and with the combined		the IT rooms where this is not
		numbers of individuals within a confined space. This is particularly evident for singing and shouting, but with		possible. Here additional
		appropriate safety mitigation and consideration, singing, wind and brass teaching can still take place.		screens have been fitted.
		Measures to take follow in the next sections.		corcono navo poem mica.
		a. Playing outdoors - Playing instruments and singing in groups should take place outdoors wherever		
		possible. If indoors, consider limiting the numbers in relation to the space.		
		b. Playing indoors - If indoors, use a room with as much space as possible, for example, larger rooms;		
		rooms with high ceilings are expected to enable dilution of aerosol transmission. If playing indoors,		
		limiting the numbers to account for ventilation of the space and the ability to social distance. It is		
		important to ensure good ventilation. Advice on this can be found in Health and Safety Executive		
		guidance on air conditioning and ventilation during the coronavirus outbreak.		
		c. Singing, wind and brass playing - Singing, wind and brass playing should not take place in larger		
		groups such as choirs and ensembles, or assemblies unless significant space, natural airflow (at least		
		10l/s/person for all present, including audiences) and strict social distancing and mitigation as		
		described below can be maintained.		
		d. Social distancing - In the smaller groups where these activities can take place, schools should		
		observe strict social distancing between each singer and player, and between singers and players,		
		and any other people such as conductors, other musicians, or accompanists. Current guidance is that		
		if the activity is face-to-face and without mitigating actions, 2 metres is appropriate.		
		e. Seating positions - Pupils should be positioned back-to-back or side-to-side when playing or singing		
		(rather than face-to-face) whenever possible. Position wind and brass players so that the air from their		
		instrument does not blow into another player.		
		f. Microphones - Use microphones where possible or encourage singing quietly.		
		g. Handling equipment and instruments - Measures to take when handling equipment, including		
		instruments, include the following		
		i. Handwashing - Requiring increased handwashing before and after handling equipment,		
		especially if being used by more than one person.		
		ii. Avoiding sharing instruments - Avoid and equipment wherever possible. Place name		
		labels on equipment to help identify the designated user, for example, percussionists' own		
		sticks and mallets. If instruments and equipment have to be shared, disinfect regularly		
		(including any packing cases, handles, props, chairs, microphones and music stands) and		
		always between users, following government guidance on cleaning and handling		
		equipment available at hygiene: handwashing , sanitation facilities and toilets. Instruments should be cleaned by the pupils playing them, where possible		
		iii. Handling scores, parts and scripts - Limit handling of music scores, parts and scripts to the		
		individual using them.		
		iv. Suppliers - Consider limiting the number of suppliers when hiring instruments and equipment.		
		Schools should agree whose responsibility cleaning hired instruments is with the suppliers.		
		Clean hire equipment, tools or other equipment on arrival and before first use. Equipment and		
		instruments should be stored in a clean location if you take delivery of them before they are		
		needed, and they should be cleaned before first use and before returning the instrument.		
		v. Pick up and drop off points - Pick up and drop off collection points should be created where		
		possible, rather than passing equipment such as props, scripts, scores and microphones		
		hand-to-hand.		
		h. Individual lessons and performance in groups		
		i. Individual lessons in music, dance and drama can resume in schools. This may mean		
		teachers interacting with pupils from multiple groups, so you will need to take particular care,		
		in line with the measures set out above (staffing arrangements) on peripatetic teachers.		
		ii. In individual lessons for music, dance and drama, social distancing should be maintained		
		wherever possible, meaning teachers should not provide physical correction.		
		wherever possible, meaning teachers should not provide physical correction.		

arrive to school in their pE kit

Specific safety measures for individual music lessons are set out in the following sections: 1. Social distancing - Measures should include specific social distancing between pupil and teacher (current guidance is that if the activity is face-to-face and without mitigations, 2 metres is appropriate), accounting for ventilation of the space being used. Pupil and teacher should be positioned side by side if possible. 2. Avoid sharing instruments - Avoid sharing instruments and equipment wherever possible and place name labels on equipment to help identify the designated user, for example, percussionists' own sticks and mallets If instruments and equipment have to be shared, they should be regularly disinfected (including any packing cases, handles, props, chairs, microphones and music stands) and always between users, following government guidance on cleaning and handling equipment. Instruments should be cleaned by the individuals playing them, where possible 3. Scores, parts and scripts - Limit the handling of music scores, parts and scripts to the person using them. 3. Drama and performances a. Identifying where items would be passed directly to each other and removing direct contact by using drop-off points or transfer zones. b. One-way systems and mapping movements are carried out in order to ensure social distancing c. Prop handling is limited d. Costume use is avoided. e. Audiences are not invited. 4. Physical activity -Schools in tiers 1-3 a. Schools can hold PE lessons indoors, including those that involve activities related to team sports, for example practising specific techniques, within their own system of controls. b. For sport provision, outdoor sports should be prioritised where possible, and large indoor spaces used where it is not, maximising natural ventilation flows (through opening windows and doors or using air conditioning systems wherever possible) distancing between pupils and paying scrupulous attention to cleaning and hygiene. This is particularly important in a sports setting because of the way in which people breathe during exercise. c. Specific arrangements for cohorting, distancing, hygiene and cleaning arrangements have been reviewed and are stringently applied as much as is possible for sports. d. Team sports are only provided in line with the return to recreational team sport framework. e. Prioritisation of low impact activities is given over high impact f. Contact sports will not take place g. Distance between participants is maximised. h. The use of non-personal kit is avoided as much as possible, where it is used e.g. bibs kit will be carefully cleaned/laundered between uses. The means to collect, pass on and return shared resources and equipment to prevent close contact is arranged External facilities are used in line with Educational Visits arrangements. The following advice has been referred to as part of the risk assessment process: guidance on the phased return of sport and recreation and guidance from Sport England for grassroot sport advice from organisation such as the Association for Physical Education and the Youth Sport k. The use of changing rooms and showering facilities are avoided where possible. Where used: their use has been limited e.g. allowing PE kits to be worn on arrival and for the whole day, or part of the day after the lesson. Social distancing is maintained in these facilities, including limited the numbers in the space, the use of floor markings, planning movement around the space and cleaning arrangements. Facilities will be used as quickly as possible Schools are able to work with external coaches, clubs and organisations for curricular and extracurricular activities where they are satisfied that it is safe to do so. Schools should consider carefully To avoid crowding in the PE how such arrangements can operate within their wider protective measures. Schools in tier 4 changing rooms students

m. PE, sport and physical activity provided by schools to their own pupils under their systems of control

Educational visits Students, Employees, Visitors and Contractors	can continue. This includes sports clubs or activities before or after school, in addition to their regular PE lessons. Pupils should be telp in consistent groups and sports equipment thoroughly cleaned between each use by different individual groups. n. Competition between different schools should not take place, in line with the local restrictions on grassroots sport. o. Schools can hold PE lessons indoors, including those that involve activities related to team sports, for example practising specific techniques, within their own system of controls. p. When It comes to playing team sport, schools can offer those with approved guidance listed in the DCMS return to recreational team sport framework, offering the activity in line with guidance. q. Outdoor sports should be prioritised where possible, and large indoor spaces used where it is not, maximising natural ventilation lows (through opening windows and doors or using air conditioning systems wherever possible) distancing between pupils and paying scrupiolous attention to cleaning and hyglene. Where open, external facilities, including other schools' facilities, can also be used in line with government guidance for the use of, and travel to and from, those facilities and schools' own systems of control for school operated pools. 5. Swimming pools – The COVID-19 Educational Settings – Swimming Pools risk assessment has been completed for school operated pools. 6. Subjects involving practical activities – a. Practical's and experiments have been reviewed for appropriateness in order to keep pupils distanced from each other. b. Consideration has been given to how practical demonstrations will take place without the need for pupils to congregate at the front of the class e.g. technology will be utilised to project the demonstration onto a smart board or screen to aid visibility. c. Where it is not safe to maintain social distancing such as D. & T, smaller teaching groups will be employed. Where close contact activity is required this will be for the sh	on days when they have PE lessons.

7. Plans are in place for to access facilities and avoid group mixing, separate entrances and exits have been								
			7. Plans are in place for to access facilities and avoid group mixing, separate entrances and exits have been		<u> </u>			

		implemented where possible					
		8. One way systems are used.					
		9. Staff continue to apply social distancing within their grouping and do not gather with other groups during					
		breaks.					
		10. Staff room area use supports social distancing					
		11. Social distancing continues with staff groups during these times and furniture has been arranged to					
		support this.					
		12. Touch points are wiped down between different groups.					
		13. Where possible breaks are staggered to reduce the numbers of pupils who take a break at the same time					
		and groups do not mix.					
		14. Equipment use is supervised to ensure that pupils do not gather.					
		15. Pupils and staff have identified suitable play activities for break times					
		16. Pupils take it in turns to leave the class and at the end of break times and socially distance while they are					
		waiting 17. Markings where required have been added to outside spaces to assist with queues when coming back					
		17. Markings where required have been added to outside spaces to assist with queues when coming back into the building.					
		18. Additional staff supervision is employed to ensure social distancing takes place					
Catering	Students, Employees,	Arrangements comply with guidance for food businesses on coronavirus (COVID-19).				11/01/2021	
Catering	Visitors and	 Where catering services are contracted, the setting has ensured that the service is COVID-19 secure. 				11/01/2021	
	Contractors	3. The way in which essential food deliveries are received are managed					
	Communició	4. Social distancing is employed at meal collection points (the use of floor tape to demarcate areas may be					
		useful) where this is not possible screens are installed where required between pupils and serving staff					
		5. Additional meal collection points have been put in place to reduce queuing where necessary					
		6. Alternative payment methods are being used to eliminate cash handling					
		7. Where possible tills are screened where still in use					
		8. Where screens cannot be screened staff are to wear visors					
General	Students, Employees,	1. Circulation spaces –	2 4	8	Headteacher	11/01/2021	A one way system has been
interactions and	Visitors and	a. Movement of groups is planned to avoid group gathering/mixing					introduced around the school
movement	Contractors	b. Staggered movement times have been introduced to reduce the number of movements at the					to ensure students cannot
around the		same time					walk towards each other and
building		c. Alternative routes have been provided, such as outside areas, alternative entrances and exits					limit interaction between
		d. One way circulation has been introduced where possible					bubbles.
		 e. Central dividers have been installed where necessary to avoid group mixing. 2. Lifts – 					Pedestrian barriers have been
		a. Lifts are not shared unless the person using the lift requires support and lifts are prioritised to					erected to keep students
		those people who are not able to use the stairs					separated.
		b. Posters have been used to encourage this where required					sopurated.
		c. Hand sanitiser is provided for use before and after touching lift controls.					
Offices and other	Students, Employees,	1. The following measures are applied where staff cannot work from home:			Headteacher	11/01/2021	
work spaces	Visitors and	a. Where possible furniture has been rearranged/marked as not to be used to prevent face to face					
	Contractors	working and create separation to enable distancing of staff.					
		b. Rooms are well ventilated (see section on ventilation)					
		c. Staff are cohorted in consistent working groups					
		d. Unnecessary items have been removed to support effective cleaning of the area					
		e. Hot desking is avoided					
		f. desks near busy circulation spaces are not used					
		g. Shared equipment has been moved to reduce group mixing such as printer location					
		2. The following measures are implemented where the above measures cannot be followed:					
		a. additional work spaces are be allocated where possible					
		b. sharing of workspace is minimised and workspaces are thoroughly cleaned between users.					
		c. Consideration is given to individual risk assessments when considering who occupies different					
		workspaces and shared facilities					
Toilets and	Students Employees	 d. Screens are installed as a last resort Times are staggered where possible and consider the increased handwashing times that have been 	2 4	0	Headteacher	11/01/2021	+
handwashing	Students, Employees, Visitors and	introduced.	4 4	°	neauteacher	1 1/0 1/2021	
facilities	Contractors	2. Distancing for queuing has been introduced e.g. through floor markings					
Idollitioo	Sommonors	3. Where there are no suitably located hand wash basins, hand sanitiser points have been provided e.g. in					
		classrooms, at building entrance points, learning environments, in dining areas.		1			
	1	1	1 1		1	1	1

		4. Hand sanitiser is stored appropriately and safely according to pupil age and individual risks.
		5. Hand dryers are efficient and effective in quick drying or have been replaced with more efficient dryers or paper towels.
Meetings and events	Students, Employees, Visitors and Contractors	1. Meetings - Where possible, meetings and events such as staff training are conducted remotely in order to reduce the risk associated with increasing contact. a. Meetings only take place in person where: b. There is a need to be in person where: c. Limitations of technology, poor or unstable signal The following measures have been implemented for in person meetings: a. They are kept to the smallest number necessary to enable the meeting to take place, considering existing groupings b. All other participants will connect to the meeting remotely. c. The meeting will take place outdoors unless for reasons of confidentiality, need to use technology or equipment in a building or weather d. Use separate spaces or rooms where possible to limit the number of people in the same area e. Ensure 2 distance is maintained at all times, not sitting face to face f. No activities are undertaken that require or encourage people to raise their voices or shout g. Paperwork is shared electronically where possible h. Consideration is given to meeting etiquete to maintain distancing, e.g. when meeting indoors leave the room in single flie starting with the person nearest the door first. i. People do not shake hands. j. Participants practice good hand and respiratory hygiene before, after and during the meeting. k. Where held indoors they are held in well ventilated spaces. l. All in person meetings are authorised by the Head teacher, who has satisfied themselves that all reasonable measures have been implemented.
		i. All meetings are carried out remotely where possible. ii. Parents and carers should only attend the school where they have a pre-arranged appointment iii. Where possible, only one parent/carer attend. iv. Visits are planned and organised to ensure distancing and hygiene measures can be maintained v. Information is provided in advance to ensure arrangements are communicated b. Pupil familiarisation visits i. Visits are planned virtually where possible. ii. The visitor arrangements in this section are applied where in person visits are planned. iii. Visits will take place outside the school day where it is not detrimental to the purpose of the visit. iv. Visitor numbers are limited and appointments are staggered c. Pupil lesson attendance for familiarisation i. Existing groups are extended to accommodate pupil lessons attendance and plans are in place that include: iii. Limiting visiting pupils mixing between additional groups iii. Limiting the number of different visiting pupils joining at the same time (with at least a 48 hour period between different pupils joining) iv. Avoiding compromising the existing social distancing arrangements within the class v. The wider implications for increased general use of premises, for example, toilets and movement around premises) have been considered and controls implemented vi. Involvement of the pupil and their parents to understand the arrangements that are in place to reduce the risk. 4. Urgent meetings - Unplanned meetings are avoided in the School unless they are essential e.g. safeguarding, health related. 5. School clubs and community sports (non curriculum) - The premises will not be used for clubs that are not essential (see below for breakfast and afterschool clubs) 6. Hire and use of school premises - Additional hire and use will not be planned until further notice. 7. Staff rooms -

				1	1		1	
		 Additional staff room areas have been provided in order to avoid compromising cohorted staff 						
		groups.						
		b. Times of use for staff breaks are staggered to prevent staff groups from mixing						
		c. Furniture has been arranged to encourage distancing and not sitting face to face	_					
Breakfast and	Students, Employees,	1. School clubs that are essential -	2	4	8	Headteacher	11/01/2021	
afterschool clubs	Visitors and	a. An assessment of activities has been carried out applying the control measures that are detailed						
	Contractors	in this risk assessment.						
		b. Where findings differ from this assessment, they have been recorded on a separate risk

Cleaning and disinfection	Students, Employees,	1. A review of the current cleaning arrangements has been carried out in order to identify the existing	2	4	8	Headteacher	11/01/2021	
distrilection	Visitors and Contractors	cleaning and disinfection arrangements to inform the additional cleaning required as outlined in Gov guidance 'COVID-19: cleaning of non-healthcare settings'						
	Contractors	2. Cleaning –						
		a. If a surface is visibly dirty it is always cleaned prior to disinfection. Even where you use a dual						
		product as described in the compliance code.						
		b. Different cleaning equipment is provided for kitchens, toilets, classrooms and office areas.						
		c. The School will need to identify the specific cleaning methods for the items that require cleaning.						
		d. The School will continue with their enhanced cleaning and disinfection arrangements that have						
		already been put in place.						
		e. Early Years Schools have increased the frequency of general cleaning and disinfection paying						
		particular attention to hand contact surfaces to counteract the reduced ability to follow other						
		infection control measures						
		f. Cleaning and disinfection arrangements take place several times a day in settings provided for						
		babies and young children, paying particular attention to hand contact surfaces.						
		g. In secondary Schools, where the ability to maintain small groups is more difficult, and children are						
		likely to move around the setting much more than in primary schools, hand contact surfaces are						
		cleaned regularly throughout the day						
		h. Teaching staff are provided with cleaning materials to enable them to clean contact points in their						
		classrooms between groups/classes. i. Staff who under take cleaning follow the instructions for cleaning products and disinfectants to						
		ensure it is effective to ensure that all of the surface has disinfectant applied and not to wipe items						
		dry before the required contact time has been achieved.						
		j. Where the same space or equipment is used by different groups or cohorts of children cleaning						
		takes place between each group's occupation or use						
		k. Disinfectant wipes are more generally available for staff to use where they wish to.						
		I. All touch points that are fixed to the premises (inside and out) have been identified and are						
		disinfected on a twice daily basis (more frequently for Early Years settings) (for example: door						
		handles, handrails, gate latches),						
		m. More frequent cleaning requirements have been identified and implemented where appropriate,						
		for example, where pupils may find it difficult to maintain personal hygiene, toilet facilities and						
		frequently touch shared items on the premises						
		n. A system has been put in place to store used equipment prior to cleaning in order to avoid						
		inadvertent use between groups.						
		o. Learning equipment such as computers and tablets are cleaned with a disinfectant wipe prior to						
		USE.						
		p. Where staff handle pupils books they disinfect the surfaces that they are using before and after as						
		well as undertaking hand hygiene. q. Handheld and frequently touched sports/PE equipment is disinfected prior to use						
		r. Staff and pupil shared workstations are cleaned with a disinfectant wipe prior to use						
		s. Touch point cleaning will be carried out between each group for activities using equipment such						
		as outdoor play and PE.						
		3. Water coolers and drinking water - Where water coolers and drinking water is provided from a shared						
		source, use must be supervised and the outlet wiped by a staff member between filling receptacles in order						The water cooler has been
		reduce the risk of cross contamination between filling.						taken out of service; students
		4. Storage - Hand sanitiser that is not in use will be stored with other flammable cleaning equipment (please						are encouraged to bring
		note: some types have an increased risk). This is particularly important where larger quantities are in storage						amply water with them.
		5. Cleaning play equipment and toys –						Additional bottles of water are
		 Toys that are more difficult to clean have been taken out of use temporarily, for example play 						available if needed.

		dough and wooden toys or these are allocated to individual children b. Toys that are put into children's mouths are cleaned between use c. Soft toys and dressing up items are washed after use in a washing machine at 60°C wash cycle for 10 minutes through a wash cycle or taken out of use where this is not possible. d. Items which need specialist washing or machine washing such as rugs, cushions and mats are not used, unless they are assigned for individual use e.g. young children could be assigned their own carpet tile 6. Resources — a. Children are allocated their own resources e.g. pencils where possible . b. Where resources are taken home hand hygiene, quarantining and cleaning measures are in place 7. Laundry - Early Years setting items such as cot sheets, flannels etc should be treated as single use items and washed according to manufacturer's instructions between uses 8. Books (books are items that are difficult to clean) — a. Books are issued to pupils on a rotational basis b. Where teachers handle pupils books they disinfect the surfaces that they are using both before and afterwards as well as undertaking hand hygiene.
		c. Used books are set aside for 72 hours after use to reduce microbial load, plastic covers are disinfected after that time. d. Books and posters checked for visible soiling and disposed of where necessary 9. Wooden desks and wooden work surfaces — a. The following process is followed: i. Apply disinfectant and leave for the appropriate contact time applied ii. Re-apply disinfectant and leave to dry naturally 10. Lunchtime - Trays, tables and chair touch points are disinfected after use 11. Cleaning equipment after breaks - Outdoor play equipment is cleaned between group use 12. Tissues and waste from bins provided — a. Tissues are provided in classrooms and other areas to ensure good respiratory hygiene. b. Bins are provided in classrooms and other key locations such as dining areas for pupils and staff to dispose of used tissues and are emptied regularly throughout the day c. Bins and tissues are provided in the same place.
Handwashing	Students, Employees, Visitors and Contractors	d. Waste bags for tissues are double bagged for disposal. 1. Staff are ensuring that handwashing is carried out more frequently than normal (pupils and staff) following pupils, instructing in the class. 2. Handwashing frequencies include: on arrival, before and after eating, before and after breaks, after going to the tollet, before leaving and at other required intervals during the day. 3. Hand sanitiser points are provided at key locations around the site including: at all entrance doors to the setting, at the entrance to contidors, lifts and stairs, classsoroms, office facilities etc. 4. Consideration has been be given to outside points being provided in a manner that enables removal and securing at the end of the day e.g. on tables/temporary or movable stands etc. 5. Hand sanitiser points have drip trays to deal with spillages and reduce the slip risk where applicable (such as those affixed to walls) 6. Event related prompts are given to pupils by staff

		15. Hand washing is carried out using running water (static bowls are not used)						1
Staff health	Students, Employees,	Staff who are clinically extremely vulnerable	2	1	8	Headteacher	11/01/2021	
Stall Health	Visitors and	Stail wild are <u>clinically extremely vulnerable</u>		-	0	rieauteachei	11/01/2021	
	Contractors	1. Advice for those identified through a letter from the NHS or a specialist doctor as in the group deemed						
		clinically extremely vulnerable (ČEV or shielding list) was published on 13 October. The guidance provides						
		advice on what additional measures individuals in this group can take tailored to each local restriction tier.						
		2. In local restriction tier 4 areas and national lockdown, individuals who are clinically extremely vulnerable are						
		advised to work from home and where this is not possible, they should not go into work. Individuals in this						
		group will have been identified through a letter from the NHS or from their GP and may have been advised to						
		shield in the past, most recently in November 2020. 3. Staff should talk to their SLT about how they will be supported, including to work from home where possible.						
		Schools should continue to pay clinically extremely vulnerable staff on their usual terms.						
		4. All other staff in local restriction tier 4 and national lockdown can continue to attend work, including those						
		living in a household with someone who is clinically extremely vulnerable.						
		5. All staff can continue to attend school in local restriction tiers 1, 2 and 3.						
		6. Under local restriction tier 3, staff and SLT may wish to discuss flexibilities that support clinically extremely						
		vulnerable staff, such as staggered start times to reduce travel during rush hour.						
		7. Further guidance to the clinically extremely vulnerable is available.						
		Staff who are clinically vulnerable						
		1. Clinically vulnerable staff can continue to attend school where it is not possible to work from home. While in						
		school they should follow the specific measures in this RA to minimise the risks of transmission.						
		2. This includes taking particular care to observe good hand and respiratory hygiene, minimising contact and						
		maintaining social distancing in line with the provisions set out in section 6, Prevention, of 'The system of						
		controls: protective measures' section of this guidance. This provides that ideally, Minimise contact between						
		individuals and maintain social distancing wherever possible. While the risk of transmission between young children and adults is likely to be low, adults should continue to take care to socially distance from other adults						
		including older children and adolescents.						
		3. People who live with those who are clinically extremely vulnerable or clinically vulnerable can attend the						
		workplace unless advised otherwise by an individual letter from the NHS or a specialist doctor.						
		4. Individual assessment - All individuals requiring a specific risk assessment have been identified, risk						
		assessments have been undertaken in line with COVID-19.						
		5. Symptoms - Staff will go home as soon as possible if they develop symptoms						
		6. COVID Testing - Staff are encouraged to have testing in line with school procedures or when they or a						
		member of their household develop symptoms, this will reduce the need to self-isolate in the event of a						
		negative test. 7. Wellbeing - Suitable supportive measures have been put in place for staff, for example, how to obtain well-						
		being support						
		a. Where possible, flexible work practices have been put in place to promote a positive work-life						
		balance for all staff.						
Pregnant	Students, Employees,	Pregnant women are considered 'clinically vulnerable' or in some cases 'clinically extremely vulnerable' to	2	4	8	Headteacher	11/01/2021	
persons	Visitors and	coronavirus (COVID-19) and therefore require special consideration as set out in the <u>guidance for pregnant</u>						
	Contractors	employees.						
		Schools should carry out a risk assessment to follow the Management of Health and Safety at Work Regulations						
		1999 (MHSW). More information is available on Protect vulnerable workers during the coronavirus (COVID-19)						
		pandemic. Information contained in the Royal College of Obstetricians and Gynaecologists and the Royal College						
		of Midwives guidance on coronavirus (COVID-19) in pregnancy should be used as the basis for a risk						
		assessment.						
		Pregnant women of any gestation should not be required to continue working if this is not supported by the risk						
		assessment.						
		Women who are 28 weeks pregnant and beyond, or are pregnant and have an underlying health condition that						
		puts them at a greater risk of severe illness from coronavirus (COVID-19) at any gestation, should take a more						
		precautionary approach. Schools should ensure pregnant women are able to adhere to any active national						
		guidance on social distancing and/or advice for pregnant women considered to be clinically extremely vulnerable						

		(this group may previously have been advised to shield).					
Staff who may otherwise be at increased risk from coronavirus (COVID-19)	Students, Employees, Visitors and Contractors	Some people with particular characteristics may be at comparatively increased risk from coronavirus (COVID-19), as set out in the COVID-19 : review of disparities in risks and outcomes report, which looked at different factors including age and sex, where people live, deprivation, ethnicity, people's occupation and care home residence. These staff can attend school as long as the system of controls set out in this Risk Assessment are in place. People who live with those who have comparatively increased risk from coronavirus (COVID-19) can attend the workplace	2	4	8	Headteacher	11/01/2021
Pupil health	Students, Employees, Visitors and Contractors	1. Symptoms a. Pupils know what the main symptoms are and who to report to if they develop symptoms, no matter how mild b. Staff check with pupils regarding symptoms on their arrival and remain vigilant for developing symptoms throughout the day c. Arrangements are in place for the management of pupils who are not able to communicate their symptoms and staff are aware of these arrangements e.g. temperature checks 2. COVID Testing - Parents are encouraged to have testing carried where it is available, where their child or member of their household develops symptoms to reduce the impact of isolation in relation to negative testing. 3. Self-Isolation and shielding guidance for children and young people — a. A small number of pupils will still be unable to attend in line with public health advice to self-isolate because: i. they have had symptoms or a positive test result themselves ii. they live with someone that has symptoms or has tested positive and are a household contact iii. they are a close contact of someone who has coronavirus (COVID-19) b. More evidence has emerged that shows there is a very low risk of children becoming very unwell from coronavirus (COVID-19), even for children with existing health conditions. Far fewer children should remain in the clinically extremely vulnerable group in the future following their routine discussions with their clinician. c. Individuals who are self-isolating are within the DFE definition of vulnerable, it is important that schools put systems in place to keep in contact with them, offer pastoral support, and check they are able to access education support. Our published definition of vulnerable children includes young people are defined as those who have a social worker or an education health and care (EHC) plan or those who are deemed otherwise vulnerable by the school or the local authority. 4. Pupils who remain in the clinically extremely vulnerable group a. The advice for pupils in local restrictions tiers 1 to 3 who remain in the clinically extreme	2	4	8	Headteacher	11//01/2021

		 iii. Ensure that the pupil washing their hands before and after where able to or use skin friendly hand wipes before and after iv. Checking that the person does not have symptoms as detailed in the compliance code. c. Staff are aware of the required infection control measures and understanding that the normal PPE that would have previously been used is still required. 6. Pupil well-being, mental health and behaviour – a. Arrangements are in place to ensure that mental health and well-being difficulties for pupils as a result of their experiences while staying at home. This may particularly be the case for vulnerable children, including those with a social worker and young carers. b. Support will be provided for: pupils who need support to re-adjust to school, those who may be reluctant to return, those showing signs or more severe anxiety and depression. c. The existing arrangements will be followed for supporting students who are distressed and where safeguarding issues come to light. d. Pupils are encouraged to understand that it is normal to experience different reactions and are encouraged to discuss their questions and concerns. It is important to contextualise these feelings as normal responses to an abnormal situation. e. Available resources are used to identify and support students and staff who exhibit signs of distress. f. Behaviour will be managed as it normally would in order to encourage universal hygiene and new safety arrangements. 						
Staff instruction	Students, Employees, Visitors and Contractors	 All staff instruction - a. Staff have been instructed on the nature of COVID-19 and its transmission. They have confirmed they understand the reason for the control measures that are required. b. All staff have confirmed that they are confident in applying the control measures identified in this assessment. c. Staff have received appropriate instructions in relation to the specific measures that have been put in place in the school (as detailed in this assessment) d. Staff have been involved in the practical implementation of this guidance. e. A record is maintained by the setting which details all of the specific areas of instruction and training that have been provided for all members of staff. f. Staff have been advised that there is no need for anything other than normal personal hygiene and washing of clothing following a day in school. g. Staff have been given the opportunity to discuss and resolve any concerns that they have (prior to opening and during school activities). h. Staff have received instruction in the actions to take if they or a member of their household develops symptoms, how to arrange for testing and will share test results as soon as they are available. i. Staff confirm they will follow instructions that they are provided as a result of being advised to isolate through tracing arrangements. j. The School has ensured that particular attention has been paid to new/inexperienced staff, trainees and those with additional significant role changes. 	2	4	8	Headteacher	11/01/2021	
PPE and Face coverings	Students, Employees, Visitors and Contractors	1. PPE - Arrangements are in place to ensure that PPE guidance is applied in line with the circumstances relating to the local COVID alert level. 2. Face coverings in education - Pupils have been advised that it is mandatory to wear face coverings on public transport. 3. Schools that teach children in years 7 and above and which are in local restriction tier 1: medium alert will have the discretion to require face coverings for pupils, staff and visitors in indoor areas outside the classroom where social distancing cannot easily be maintained, such as corridors and communal areas and it has been deemed appropriate in those circumstances. 4. Primary school children will not need to wear a face covering. 5. In primary schools where social distancing is not possible in indoor areas outside of classrooms between members of staff or visitors, for example in staffrooms, headteachers will have the discretion to decide whether to ask staff or visitors to wear, or agree to them wearing face coverings in these circumstances. Local restriction tiers: 2, 3 or 4 6. When an area moves to local restriction tiers: 2, 3 or 4 high or national restrictions in settings where pupils in year 7 and above are educated, face coverings should be worn by adults and pupils when moving around the				Headteacher	11/01/2021	Staff have been provided with u masks, following research among the staff that these protect the user as well as those around them.

		premises, outside of classrooms, such as in corridors and communal areas where social distancing cannot easily be maintained. This does not apply to younger children in primary schools and in early years settings. 7. The Trust considers it is a proportional response to request evidence of a face covering exemption to ensure the health and safety of other people within school settings. 8. Arrangements are in place for the safe removal of face coverings on arrival at the setting which has been communicated to pupils and staff including:						
		 a. The wearer must not touch the front of their face during use or when removing the face covering. b. They must bring a bag or other suitable receptacle with them to place the covering in or dispose of it in a bin. c. They must perform hand hygiene on arrival at the setting and after removing their face covering. 						
Increasing ventilation	Students, Employees, Visitors and Contractors	1. Once the school is in operation, it is important to ensure it is well ventilated and a comfortable teaching environment is maintained. a. This can be achieved by a variety of measures including: i. mechanical ventilation systems – these should be adjusted to increase the ventilation rate wherever possible, and checked to confirm that normal operation meets current guidance (if possible, systems should be adjusted to full fresh air or, if not, then systems should be operated as normal as long as they are within a single room and supplemented by an outdoor air supply) ii. natural ventilation – opening windows (in cooler weather windows should be opened just enough to provide constant background ventilation, and opened more fully during breaks to purge the air in the space). Opening internal doors can also assist with creating a throughput of air iii. natural ventilation – if necessary external opening doors may also be used (as long as they are not fire doors and where safe to do so) 2. To balance the need for increased ventilation while maintaining a comfortable temperature, the following measures should also be used as appropriate: a. opening high level windows in preference to low level to reduce draughts b. increasing the ventilation while spaces are unoccupied (e.g. between classes, during break and lunch, when a room is unused) c. providing flexibility to allow additional, suitable indoor clothing. For more information see School uniform d. rearranging furniture where possible to avoid direct drafts 3. Heating should be used as necessary to ensure comfort levels are maintained particularly in occupied spaces. 4. Further advice on this can be found in Health and Safety Executive guidance on air conditioning and ventilation during the coronavirus outbreak and CIBSE coronavirus (COVID-19) advice.					11/01/2021	
Educational tools		1. Infection control education a. Age appropriate education is used to encourage pupils to: i. Become advocates for disease prevention and control at home, in school, and in their community by talking to others about how to prevent the spread. ii. encourage pupils to follow social distancing, increased hand washing and information about developing symptoms of viruses 2. The following resources are used where appropriate: a. e-Bug resources to teach pupils about hygiene b. the Educational Settings poster c. the Coronavirus Toolkit for Professionals which contains campaign materials.	2	4	8	Headteacher	11/01/2021	
DSE and working from Home	Students and Staff.	Staff working from home should complete; Display screen equipment (DSE) workstation checklist. Any findings should be reported to your line manager for assistance.	1	3	3	Headteacher	11/01/2021	
Testing	Students and Employees,	Secondary schools participating in the rapid asymptomatic testing programme should follow the Mass asymptomatic testing: schools and colleges guidance. Manage confirmed cases of coronavirus (COVID-19) amongst the school community 1. Schools must take swift action when they become aware that someone who has attended has tested positive for coronavirus (COVID-19) having developed symptoms and taken a PCR test outside of school.	2	4	8	Headteacher	11/01/2021	Where staff and students have given formal consent they will undertake regular lateral flow testing for the prevalence of COVID-19 to reduce risk further. Any member of staff

		 Where individuals who are self-isolating and are within our definition of vulnerable, it is important that schools put systems in place to keep in contact with them, offer pastoral support, and check they are able to access education support. Contain any outbreak by following local health protection team advice Secondary schools participating in the rapid asymptomatic testing programme should refer to the guidance for asymptomatic testing in schools and colleges to ensure contacts of the positive case are tested. Primary schools and any secondary schools not participating in the rapid asymptomatic testing programme must follow the advice below:						or student that as COVID-19 symptoms will be requested to self-isolate in line with Public Health England advice. Any member of staff or student that may have been in close proximity to someone in school that has tested positive will be asked to undertake a daily lateral flow test upon their arrival to school. If they are unable to do this they will also be required to self-
		action is required						also be required to self-isolate.
Review of existing assessments	Students, Employees, Visitors and Contractors	 The setting regularly reviews their arrangements in line with compliance code updates. Review arrangements ensure that the control measures are effective and working as planned. 	2	4	8	Headteacher	11/01/2021	ionato.

(L - Likelihood C - Consequence RR - Risk Rating NRR - New Risk Rating)
