

# WHO WE ARE

Dodman Limited are committed to apprenticeships offering a strong foundation for career growth, training and development.

We offer a supportive environment that fosters both personal and professional development.

# ENGINEERING EXCELLENCE IN FOOD HANDLING & PROCESSING

We provide multiple engineering solutions covering food preparation, blanching, conveying, coating, depositing & packing machinery for every stage of the production line.

We proudly support hundreds of food production lines across the UK.

Hamburg Way,  
North Lynn Industrial Estate,  
King's Lynn, Norfolk,

## WORK WITH GLOBAL BRANDS

Our equipment is used by some of the world's leading household names in the food industry.

## HANDS-ON ENGINEERING

Get involved in real projects, building and installing machinery that makes a difference

## CAREER DEVELOPMENT

Learn from experienced engineers with training, mentoring, and opportunities to grow your skills.

Start your career with us - Join a supportive team where school leavers can begin their journey in engineering.

# YOUR APPRENTICESHIP JOURNEY

## YEAR 1 - Get Hands-On

- Learn real engineering skills from day one
- Build components with traditional hand-fitting techniques
- Shape and assemble sheet metal parts
- Try your hand at MIG and TIG welding

## YEAR 2 - Power Up Your Knowledge

- Boost your maths, design and electrical know-how
- Build communication and problem-solving skills
- Get clued up on health & safety (vital in engineering)
- Tackle exciting written challenges and assignments

## YEAR 3 - Put Skills Into Action

- Work on a real engineering project from start to finish
- Explore hydraulics, pneumatics and electrics in action
- Create professional-level engineering drawings
- Mix practical work with written assessments

## YEAR 4 - The Big Finish

- Bring together everything you've learned
- Show off your skills in the End Point Assessment
- Progress in your career with experience & confidence
