

ST CLEMENT'S
HIGH SCHOOL

Year 10 Information Evening

Welcome

- Outline of the year ahead
- Monitoring progress
- How to revise
- Expectations and rewards
- St Clement's careers provision

GCSE's

Now a 2 year course

- Ensure a broad knowledge rich curriculum at KS3
- Student's are no longer selecting options in year 8.
- Increased efficiency required with KS4 curriculum and intervention time

COVID-19

- Year 10 students have only had one normal school year (Year 7)
- Missed over one term of Year 8
- Missed just under one term of Year 9
- Excluding any additional isolations

Report

ATL 1- A highly motivated and ambitious student who seeks advice, acts upon it and wants to be the best they can be.

ATL 2- A student who is seeking to do well, is reaching their targets and knows how to achieve them (minimum expectation)

ATL 3- A student who understands what they need to do to improve and is capable of making improvement but is lacking the desire or motivation to make the change (below expectation).

ATL 4- A student who is significantly below St Clement's expectations. They are unwilling to accept the help and support offered to realise their goals.

IF ATL 3- Please contact school

Monitoring

- The SIMS Parent app enables you to access achievement, progress, attendance and assessment information. (Please contact to sign up)
- Satchel One
- Google Classroom

Assessments and Mocks

Year 10 Assessment Period: 5th January 2022

Year 10 Mock Examinations: 13th June 2022

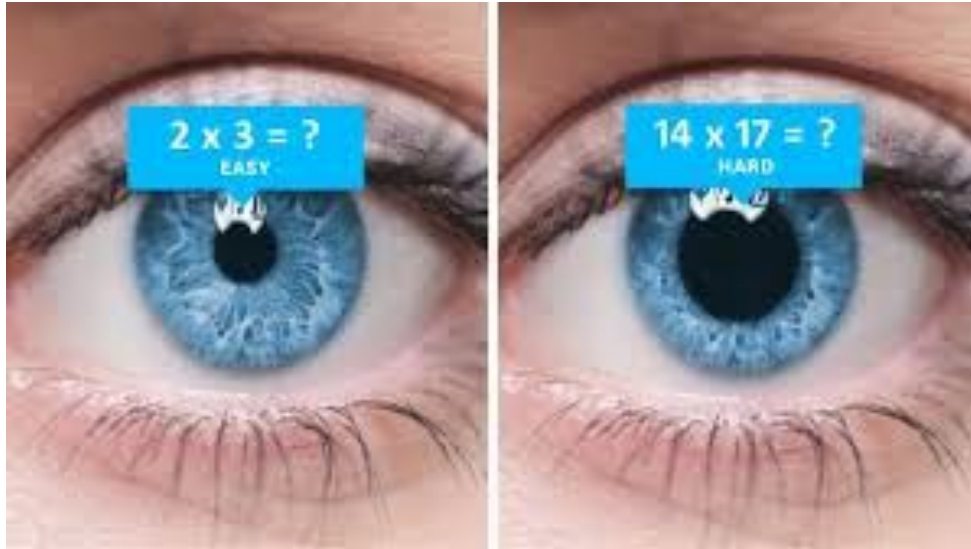

In previous 2 years these have been used to award GCSE grades

How to Revise

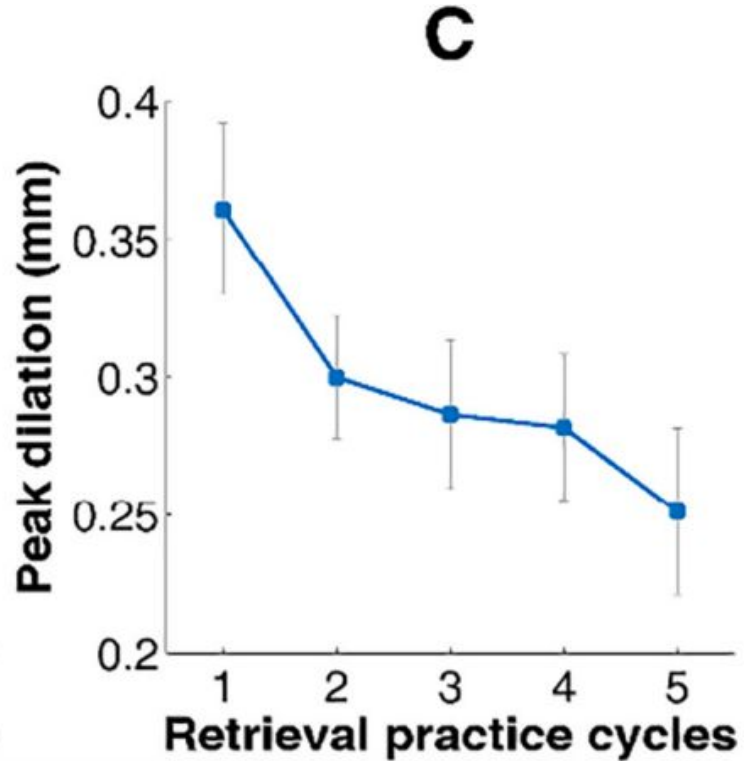

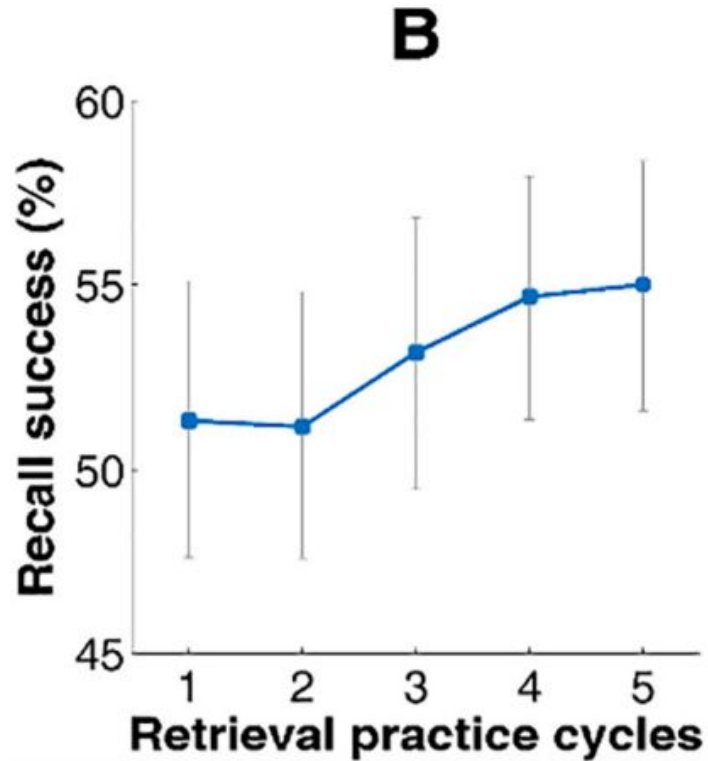

Retrieval practice: repeatedly recalling learned material without seeing it in front of you.

Pupillometry

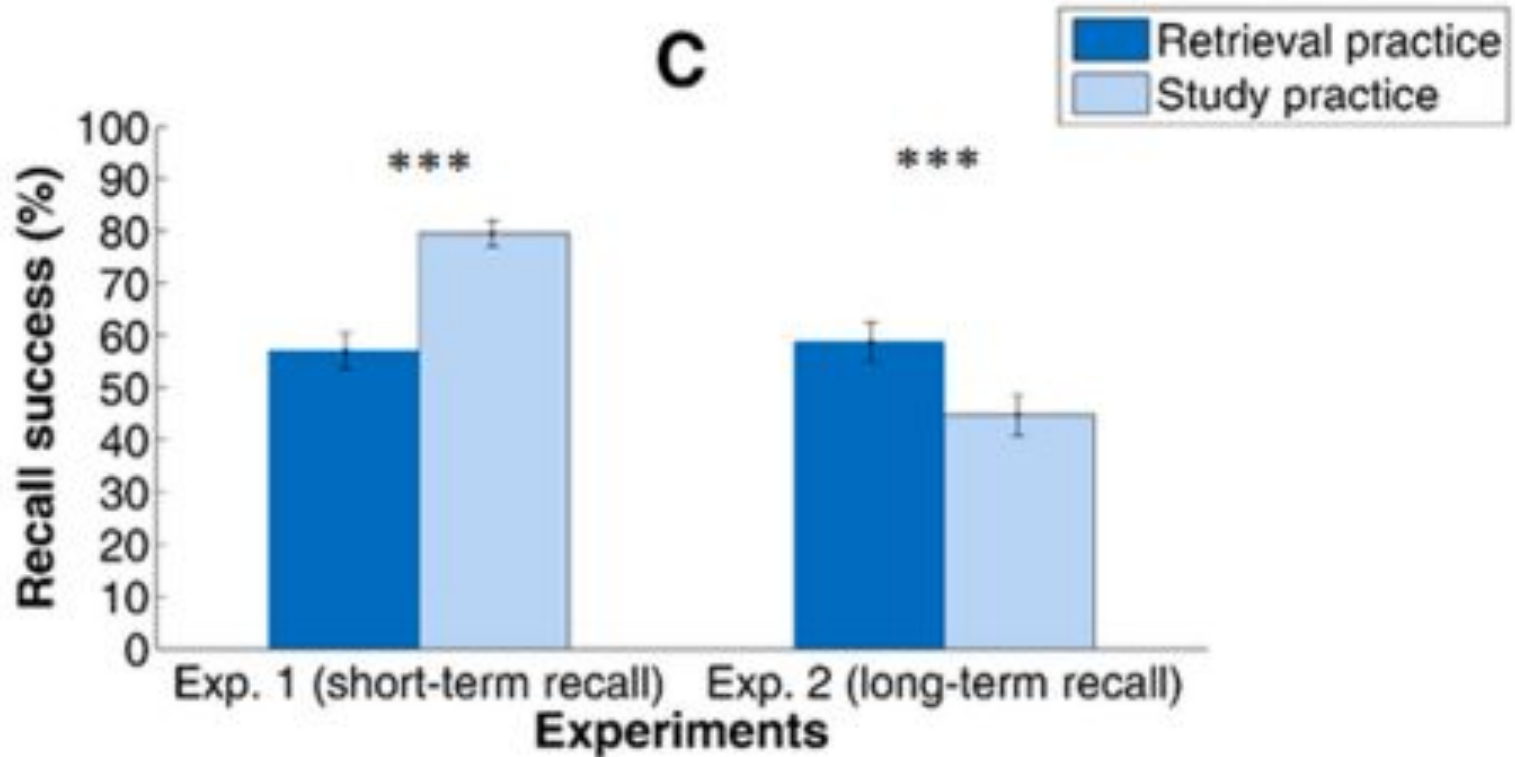

Processing load: the brain can only do so many things at once (how hard the brain is working)

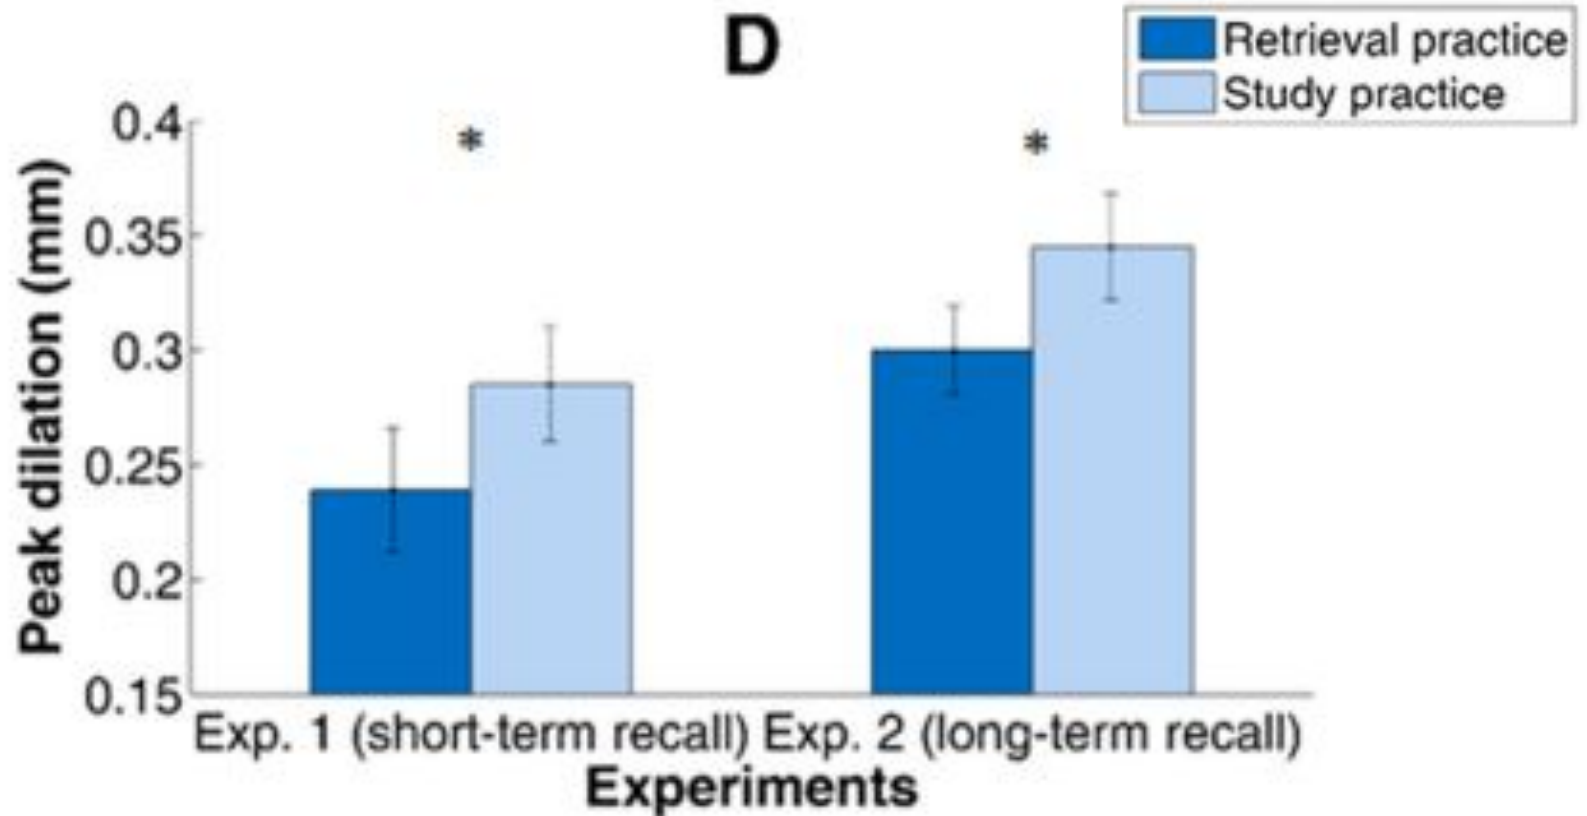

Using retrieval practice improved recall, and reduced processing load.

Recall in the short and long term were consistent with recall questions.

Using retrieval practice required less processing load.

4	What is the function of the cell membrane?	controls movement of substances into and out of the cell
5	What is the function of mitochondria?	site of respiration to transfer energy for the cell
6	What is the function of chloroplasts?	contain chlorophyll to absorb light energy for photosynthesis
7	What is the function of ribosomes?	enable production of proteins (protein synthesis)
8	What is the function of the cell wall?	strengthens and supports the cell

Put paper here

**Remember to start with only a few questions.
Student can test themselves (ensure they say answers out loud)
Parents can test students.
Repetition is the key.**

Revision

- '50 things' Booklet
- Flash cards
- Revision guides
- Workbooks
- Hegarty Maths

How much revision?

Per Day

30 mins (2%)

In 2 years

160 hours (equivalent of a half term of teaching)

Careers

1: **Research Early**

Tutor Time - looking at educational pathways and the world of work

Careers Google Classroom - resources and links uploaded as available

Unifrog - WNAT central careers system - research and record information

Careers Advisor Meetings - 1:1 meetings with an external Careers Advisor
