

Google Classroom

Desktop/Laptop

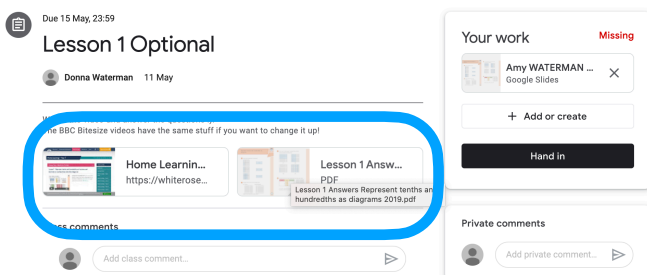

1 Open the Classwork tab

2 Select the task to be completed and click view assignment

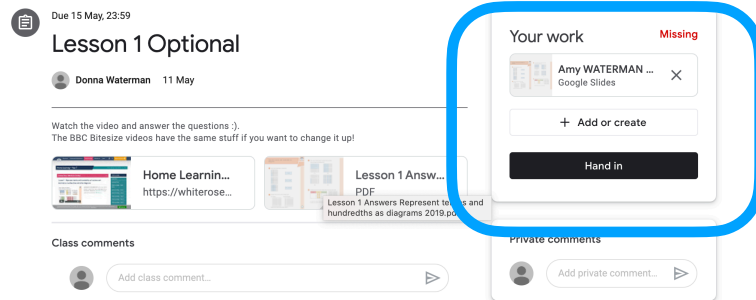

3 There may be videos to watch, things to read or worksheets to view. These are on the left of the screen

This lesson has a video link and the answer sheet attached

Submitting work

4 The work to be submitted will be on the

There is a slide show to write on in here or you can upload photos of your work

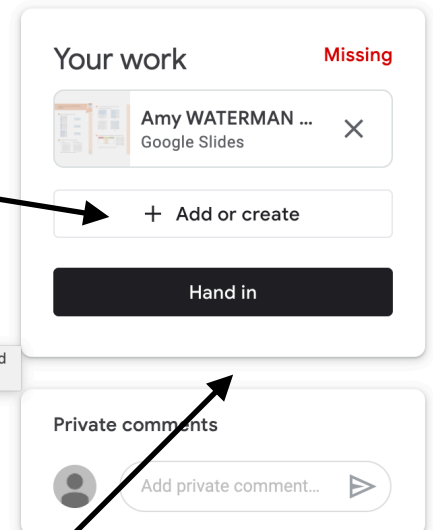

right.

5 Uploading photos:

👍 Make sure your photos are on your computer (or download the classroom app onto your phone or tablet and submit them that way - much easier!)

👍 Select add or create

👍 Drag and drop your photos in

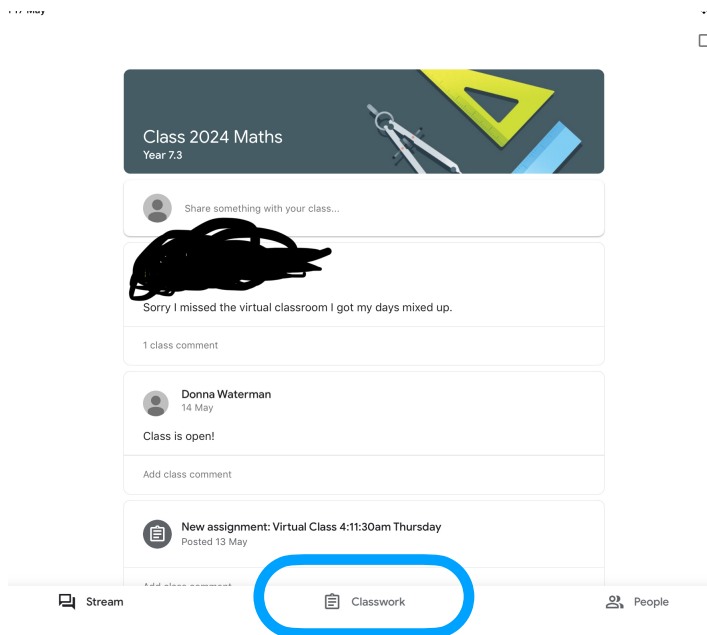

6 Hand in your work by clicking the Hand In work tab

!! . Opening the Slide Show and adding text boxes is much easier. And it saves as you go. !!

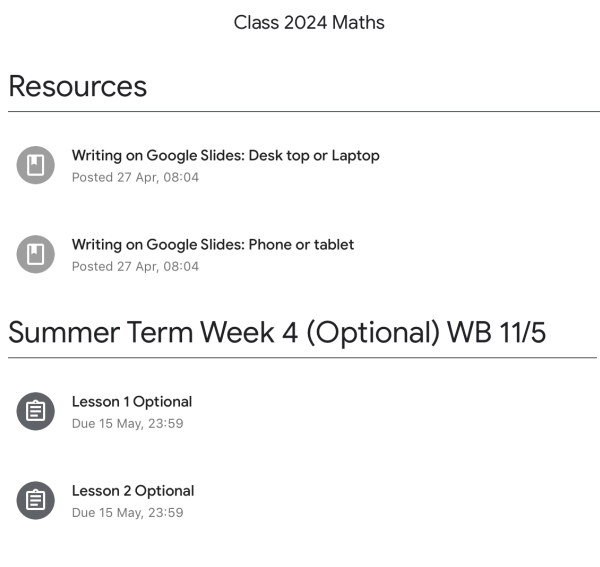

Google Classroom

Mobile device

1 Open the classwork tab

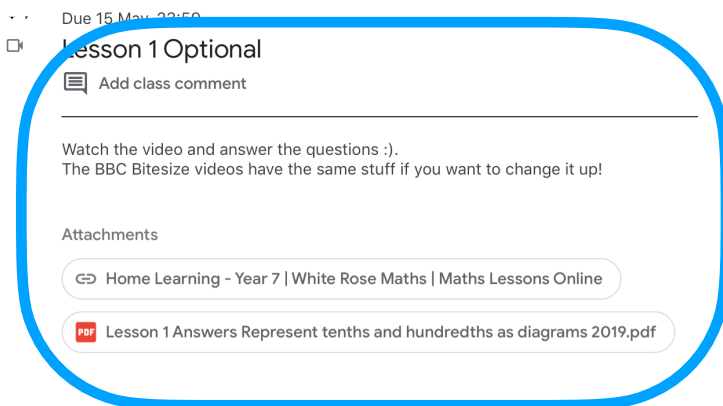

2 Select the assignment you want to complete and click on it

Submitting work

3 This lesson has a video link and a PDF with answers - they are at the top with the description

Your work

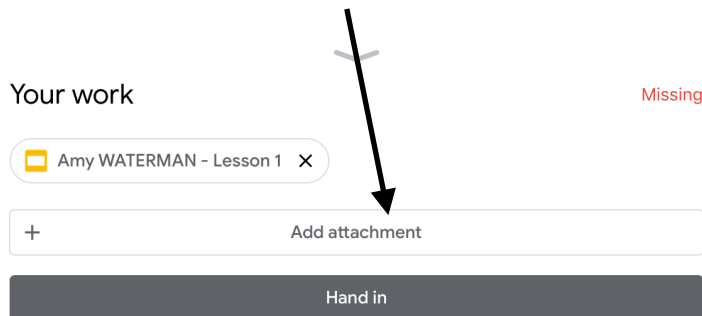

Add private comment

Missing

4 Click on your work.

5 Here you will find a Slide Show you can write on (open it and you can write directly onto it - just remember to save it (top right corner))

Or you can add attachments (photos)

6 Hand in your work by clicking the Hand In work button
