

LFE/TBO

11th February 2022

Dear Parents/Carers

The Year 10 Reports are now available on Sims Parent app

Please note, alongside the test percentage and an ATL for each subject, your child's report also includes a subject performance indicator, which aims to provide a context for the test percentage.

Students' test scores are compared to Key Stage 2 data to provide an expected score for each subject. A performance indicator, P, indicates a student's actual test score is within a given range of the expected score. Students scoring significantly above this range will be awarded P+, those scoring significantly below the range will be awarded P-.

You will have an opportunity to discuss your child's progress in each subject with their teachers at the Parents Evening on 24 February 2022, invitations for which have already been sent out.

Yours sincerely

Mr L Feaviour
(Assistant Headteacher – Progress and Achievement)
