**RE: Ofqual and Exam Board Exam Support
Summer 2022**

Dear Parent/Carer

As you are undoubtedly aware we are fast approaching the final period of GCSE exams for your son/daughter. Whilst we cannot completely rule out the possibility of using a TAG based system, it is now almost certain that students in Y11 will sit actual public examinations for the first time in two years.

Given the unprecedented levels of disruption students are likely to have faced, exam boards have, as promised, implemented a number of supportive mechanisms as illustrated [here](#)

Where class teachers have already had knowledge of the support they have been utilising this information to best prepare students in real time. More recently final notification of 'Advance Information' was released and it is anticipated that this, in conjunction with the most recent information we ascertain from the mock exams completed during February/March will inform our planning for the remaining time available.

Information on subject specific exam board 'Advance Information' can be found on the schools website [here](#). In addition to this Miss Rice has also uploaded the Summer exam timetable to the school's website, which can be found by clicking [here](#)

Can I take this opportunity to remind you of some of the key dates and important contact details should you wish to discuss the contents of this letter or any other aspect of Y11
