

29th April 2022

Dear Parents/ Carers,

Invitation to Year 9 Options Evening –Thursday 12th May 2022

St Clement's High School wants every student to achieve the very best academic outcomes alongside having high aspirations for their future life. In order to provide the best possible opportunity for them to achieve their full potential at GCSE level, you are invited to attend the Year 9 Options Evening on our school site.

The students are guided through the options process and supported by staff throughout. Students have been allocated a pathway to support them in this process. **Name** is on the **colour** pathway. Further information regarding pathways are shown overleaf. This will be discussed further with students in school and parent/carers at our options evening.

The evening will involve an explanation of the options process and description of the guidance that will be provided for students. There will then be an opportunity to speak to subject teachers, see examples of the type of work achieved in each subject and ask any specific questions.

To help reduce the number of people on the school site, we have organised two talks and ask that you book a place using the Eventbrite link below, we have limited the tickets to four per household, there are talk introductory talks available at 5.30pm and 6.30pm;

<https://www.eventbrite.co.uk/e/y9-options-evening-tickets-318855293767>

We aim to provide a high level of support to our Year 9 students throughout this process, staff are on hand at every stage to provide additional guidance to students and families. Please contact myself, if you have any questions regarding the options process.

Yours sincerely,

Mrs L Towle
Assistant Headteacher – KS3

14-16 Guided Pathways

In years 10 and 11 all students study English Language, English Literature, Mathematics, PE, PHSE, RE and either double or triple Science. In addition students are guided through their most appropriate route as shown below:
