Uniform Update

Dear Parents and Carers

Each year as the weather improves we make adjustments to our school uniform. Recently students have been told their jumpers are now optional until the end of the academic year.

At the start of July we often find temperatures can rise to a point where it is no longer sensible for students to wear blazers, if this is the case we declare summer uniform and blazers become optional until the end of term. Should this be the case this year, we will inform parents by text and post details on our website.

Last year we experienced a particularly hot period and some students asked if they could wear shorts. Following consultation with the Governing Body, a pair of school shorts has now been added to our summer uniform. These shorts bear the school logo and will shortly be available on the uniform provider website - <https://www.pbuniform-online.co.uk/stclements>.

These shorts are suitable for all students but can only be worn during our summer uniform period.

As this is a new item the delivery time is expected to be longer than usual and could take up to three weeks to arrive. Therefore if your child would like to wear shorts towards the end of term, then you will need to consider placing an order soon.

Yours sincerely

Mr N K Willingham
Headteacher
