

Tuesday 25th March 2025

Dear Parent/Guardian,

West Norfolk Academies Trust are running a series of online sessions aimed at high achieving year 10 students and your child has been selected to take part. There will be 3 sessions this year, detailed below.

- Careers. Wednesday 2nd April, 18:00-19:00
- University and Apprenticeships. Wednesday 14th May, 18:00-19:00
- 6th Form. Wednesday 25th June, 18:00-19:00

Each session will have guest speakers, including ex-students from throughout the Trust. The aim of the sessions will be to help prepare your child for their next steps in education, broaden their horizons and inspire them. The sessions will also provide ideas and advice towards helping them to decide on what they may wish to do in the future as well as places they can look for further information.

Your child will be added to a Google Classroom (WNAT Y10 High Achievers Online Sessions) before the first session. The link for each session will be available through the Google Classroom. Parents/guardians are also encouraged to attend with their child. Unfortunately, the sessions won't be recorded but there will be follow-up meetings in school for students.

Yours sincerely,

Mr. Coote

High Achievers Coordinator
