

24th March 2026

Dear Parent/Carer,

I am writing to provide you with further information regarding the upcoming Year 7 assessment window, which will take place during Summer Half Term 1.

Students will complete a range of assessments across their subjects during this period. Each class teacher will inform students of the specific dates for their assessments at least one week in advance, giving them time to prepare appropriately. We would encourage you to speak with your child about these dates once they have been shared, to help them plan their revision time effectively.

It is important that students begin preparing in advance rather than leaving revision until the last minute. The topics that will be assessed are outlined overleaf, and students should use this as a starting point to guide their revision. In addition, knowledge organisers are available on the school website:

<https://www.stclementshigh.org.uk/page/?file=Knowledge+Organisers&pid=96>

These provide key facts, definitions and core knowledge that students are expected to know, and are an excellent tool to support regular, short bursts of revision at home.

As a school, we place a strong emphasis on developing independent study habits. Year 7 is a crucial stage in this process, as students begin to take greater responsibility for their own learning. Establishing effective revision routines now, such as revisiting content regularly, self-testing, and organising their time, will have a significant impact on their confidence and performance, not only in these assessments but in future years, including GCSEs.

You can support your child at home by encouraging them to:

- Break revision into manageable chunks
- Find a quiet space to study with minimal distractions
- Test them using knowledge organisers

We appreciate your continued support in helping students to develop these important skills. If you have any questions or require any further information, please do not hesitate to contact the school.

Yours sincerely,

Miss D Bird
Head of Year 7
